## IMPORTANT

This Rebounder must not be used if not fully assembled. Do not climb on the net or the frame of the Rebounder, and do not hang from the posts. Do not modify or remove any of the original parts.

**Recommendation:** Attach the Rebounder to the ground using the hooks provided.

**Important:** Use under adult supervision. Not suitable for children under 3 years due to small parts.

## DIRECTIONS FOR USE

**Before use:** Check that all the original parts are in a good condition.

**When assembling and during use:** Regularly check that the parts of the Rebounder are correctly inserted and screwed together, particularly the screws because they can gradually lose effectiveness as the Rebounder is used.

Check that the net is in the right place and is securely attached.

If using outside on a grass surface, fix to the ground with the pegs provided.

## MAINTENANCE

Clean and dry the Rebounder before storing in the bag.

## WARNINGS

Assembly should be done by adults only.

**Appropriate supervision is required at all times when used by children.**

Because of the very fast and unpredictable nature of the ball return from the Rebounder, there is risk of injury. This risk applies to anyone within the rebound area, including players and spectators.

**The risk is particularly high if a hard ball such as a cricket ball or baseball is used.**

## WE RECOMMEND

- Only use one ball and one side of the Rebounder at a time.
- With younger children only use softer balls, such as the blue one.
- With the use of a hard ball, appropriate skill levels, behavior and supervision are required.
